- ※ One of the smallest and brightest AAA flashlights in the world
- ※ Digitally regulated output - maintains constant brightness
- ※ Max output: 80 Lumens. Max run time: 66 hours
- ※ Reverse polarity protection

Specification:

- ※ Emitter: Cree XP-E R2 LED with a lifespan of 50,000 hours
- ※ Three outputs, 2 lumens(66 hours) -> 20 lumens(5.1 hour) -> 80 lumens (70 minutes)
- ※ Battery: Single AAA (Alkaline, Ni-MH, Lithium)
(Do not use Li-ion 10440 rechargeable batteries)
- ※ Switch: Twist switch, Adjust output by rotating the flashlight head
- ※ Lens: Toughened ultra-clear glass
- ※ Dimensions: 71.6mm (Length) x 12.7mm (Head)
- ※ Net weight: 21g (Excluding battery)
- ※ Waterproof to IPX-8 Standard

Operation

- ※ To activate your flashlight, twist the head counter clockwise (Tighten the head),

※ To turn the flashlight off, twist the head clockwise (loosen the head).

※ Changing brightness levels:

With the flashlight turned on, twist the head of the flashlight to the off position and back to the on position within 1 seconds and the brightness mode will change.

Battery Replacement

Unscrew the head of the flashlight and insert the battery with anode (+) side toward the light's head. Screw the head back on to test.

Usage and Maintenance

- ※ Do not shine light directly into eyes
- ※ Use only quality brand name batteries.
- ※ Do not use lithium (Li-ion 10440) rechargeable batteries as they could damage the light.
- ※ Remove battery when stored for extended periods.
- ※ Replace and lubricate O-Rings as needed to maintain IPX-8 rating.
- ※ Use soft brush and soapy water to clean the body of the light.

Warranty Service

Klarus guarantees this flashlight against defects in material and workmanship. At the discretion of Klarus, flashlight products that are found to be defective under normal use within 2 years of the proof of purchase date will be repaired or replaced without charge. This warranty does not cover damage caused by accident, unreasonable use or product alteration. Failure to follow the general maintenance directions could result in damage to your illumination tool that may not be covered by the Klarus warranty.

If this flashlight should prove defective, the product will be repaired or replaced, under the above terms. Please contact Klarus or your authorized Klarus retailer for warranty return instructions
