

MiX6 Ti

**Exquisite, Lightweight and Reliable.
Designed for every day carry**

Features:

- ※ One of the smallest and brightest AAA flashlights in the world
- ※ Digitally regulated output, with no PWM
(high speed flickering that is present in most regulated lights)
- ※ Highly efficient at converting energy into light
Max output: 85 ANSI Lumens on high. Max run time: 66 hours on low
- ※ Titanium body for corrosion resistance and a solid feel
- ※ Reverse polarity protection protects flashlight and battery from damage

Specification:

- ※ Emitter: CREE XP-G R5 LED with a lifespan of up to 50,000 hours
- ※ Four outputs:
 - 26 lumens (5.7 hours)
 - 3 lumens (66 hours)
 - 85 lumens (70 minutes)
 - Strobe 85 lumens (2.3 hrs)
- ※ Battery: 1 x AAA (Alkaline, Ni-MH). 10440 use is not recommended.
- ※ Switch: Twist switch. Switch modes by loosening and tightening the flashlight head

- ※ Lens: Toughened ultra-clear glass
- ※ Reflector: Textured orange peel reflector
- ※ Body Material: Titanium body
- ※ Dimensions: 71.6mm (Length) x 12.7mm (Head) X11.6mm (Body)
- ※ Net weight: 12g (Excluding battery)
- ※ Waterproof to IPX-8 standard (2 meters)

Operation

- ※ To activate your flashlight, twist the head counter clockwise (tighten the head), ※ To turn the flashlight off, twist the head clockwise (loosen the head).
- ※ Changing brightness levels:

With the flashlight turned on, twist the head of the flashlight to the off position and back to the on position within 1 second and the mode will change.

Battery Replacement

Unscrew the head of the flashlight and insert the battery with positive side toward the light's head. Screw the head back on to use.

Usage and Maintenance

- ※ Do not shine light directly into eyes
- ※ Use only quality brand name batteries.
- ※ Do not use lithium (Li-ion 10440) rechargeable batteries as they could damage the light.
- ※ Remove battery when stored for extended periods.
- ※ Replace and lubricate O-Rings as needed to maintain IPX-8 rating.
- ※ Use soft brush and soapy water to clean the body of the light.

Warranty Service

Klarus guarantees the flashlight against defects in material and workmanship. At the discretion of Klarus, flashlight products that are found to be defective under normal use within 2 years of the proof of purchase date will be repaired or replaced without charge. This warranty does not cover damage caused by accident, unreasonable use or product alteration. Failure to follow the general maintenance directions could result in damage to your illumination tool that may not be covered by the Klarus warranty.

If this flashlight should prove defective, the product will be repaired or replaced, under the above terms. Please contact Klarus or your original Klarus dealer for warranty return instructions.
